### AREA 51 ABACO DEATH TOLL KEPT SECRET

The death toll for Abaco is the best kept secret since finding out victoria secret was a man. There's a lot of speculation on the total number of persons passed away in the storm. The people know for sure it's more than what the government is quoting and they feel it's passed 1,000+.

PM LOSES TO A CONCH ON FB VOTE POLL

BN Agent, V

In light of the multiplicity of things happening regarding recovery efforts or the lack thereof a poll was done to lighten the weight of it all. Now the poll was made to see the current temperament of the people under the active rulership of Doc. To the surprise of many the Queen Conch beat out our PM as the people's choice of leader to lead them

for 2022. Now while the result was shocking how bad Doc got beat by the Queen Conch I guess you can definitely see that the people are willing to let any "thing" be in the seat of the Prime Minister position as long as its not Doc in 2022. With only two years and a few months left, Doc you have a lot of proving to do in order to gain favor again back in their good books.

Bahamas News Ma Bey created a poll.

SEBAS USES MONEY OUT OF POCKET TO HELP IN HURRICANE RELIEF

BN Agent, V

The casino tycoon comes through in the clutch for the island of Abaco and Grand Bahama families. Unless you've been under a rock during this entire relief of Hurricane Dorian process, you wouldn't know of Sebas and his countless good deeds towards those affected by the CAT 5 Hurricane. It's all being funded by himself out of pocket, NO GOVERNMENT, NO ORGANIZATION. So when you see those photos with Politicians standing on the side of him, by the recovery shelters trying to make it "look good", know

that those were just photo opp's, those guys were not in the trenches and their definitely losing brownie points with the Bahamian people, y'all know how these politicians are they look for any opportunity to make themselves look good. Don't mind the hype, its all Sebas and his team of Island Luck workers. It started with him organizing multiple planes to fly over to Abaco to start evacuating the people FREE of charge. Also providing them with food and water during the stopovers, which are still continuing to this day. You would think he would have

stopped there? Nope. He then visited the shelters noticed the conditions they were in and the amount of people that were uncomfortable, so he proceeded to building A/C tents on the outside of the shelter with kitchen areas, bathrooms, mattresses and air beds with full sheet sets. All of this were being done during this weekend and more will be built throughout the week to ensure more comfort is made for families that are currently homeless. Meanwhile the population of Nassau has increased by 35% with countless numbers of families from Abaco and Grand Bahama now living with families here in Nassau as you would now notice more traffic on the road now in the main city and more customer activity in businesses.

## AREA 51 ABACO DEATH TOLL KEPT SECRET

## THE TRUTH WILL BE TOLD IN DUE TIME

BN Agent, X

In the 2015 movie Area 51 the main characters were desperate to know just what was going on in a government secluded area. The characters were classified as being outer space enthusiasts. However true that may have been the characters through their determination discovered what the Government wanted no other to know, that a high security area was really housing spaceships and aliens.

With just about a week after the most devastating Hurricane to ever hit our country and while many speak comparatively about the 1930's Hurricane we believe emphatically that this one is the worst ever and still today we know nothing honestly about the amount of lives

that were lost as a result of Hurricane Dorian.

Now in the Government's defense it was said that the final count will be staggering and could well be into the hundreds. It's been said that the Government wishes not to alarm its people with the real number of deaths. Can we tell you that the numbers will go beyond staggering and we believe the real numbers will never be released.

While we sympathize with those who have suffered great losses as a result of Hurricane Dorian we are minded that it is through the truth that any sense of closure can begin.

We wish to advise the Government that the narrative is not yours and yours alone and with the presence of foreign aid

comes the presence of foreign media who at any opportunity will divulge internationally what their findings are.

PM Minnis says about 40 deaths foreign media say hundreds and Miller says 2 containers full whichever of the stated numbers are true social media continues to buzz with alarming numbers.

At what point will families be able to confirm their love one's identity and prepare for what's ahead. Time is running out and Area 51 Abaco remains on lock like Alcatraz.

BONGIE  
OF THE DAY  
IS AWARDED  
TO  
SUPERVISOR  
COMES AND  
YOUR NOT CLINT

BN Agent, X

When the supervisor comes through but you aint Clint Watson! Well known Bahamian actors are back at it again, making sure we get a good laugh during these hard times as they react the real life moment with Clint Watson and the police, while Clint was just doing his job not disturbing anyone.

LET ME SEE  
YOUR  
SUPERVISOR!

# GRAND BAHAMA HOSPITAL NO WATER! NO LIGHT!

BN Agent X

As Nema and the government continue to receive millions in funding and in goods. These goods are still barely being distributed to the people in need and these are DAYS after the storm has passed and were supposed to be in recovery mode now. The entire hospital in Grand Bahama has been without drinking water and

electricity. Hundreds of ill people just so hot and exhausted begging for water and food supplies, with the electricity being off the little to no windows because the hospital is ran on A/c, so its extremely hot everyday in the Rand.

While nurses are forced to use there flashlights on their cellphones that can barely be charged during these hard times. When this information

hit social media on Sunday everyone was in an uproar confused on what in the world is really going on with the Government and Nema? Are they trying to kill people out? Or are they trying to help people out of this tragedy?

# BANKS, FOODSTORES & WEALTHY FAMILIES “NO WORDS OF DONATION”

BN Agent X

Time is on my side, time is on my side oh yes it is” - are the great lyrics by The Rolling Stone band and it seems to be the anthem of the many Canadian Banks, Foodstores and Wealthy Families here in The Bahamas. As they have made millions on top of millions off of the Bahamian people

and have yet to offer funding or food to help those in need during this devastation of Hurricane Dorian. In fact some food stores even went UP on the prices of items before the storm and still are currently leaving item prices hiked up. Well time is not on any of your sides and it's only a matter of time before we begin to point out

all of the bad apples and hogs that we have made rich! I mean why should we support your companies if your not going to offer any help in our times of need, WHY? As the weeks go on you can check in to see who the true public enemies of the Bahamas are, were making you fat and giving you generations of wealth yet you can't

open up your heart to say this the time the Bahamas really needs us. Well any who too-daa-loo, until next time.

WHATS REALLY  
HAPPENING NOW  
  
IN ABACO

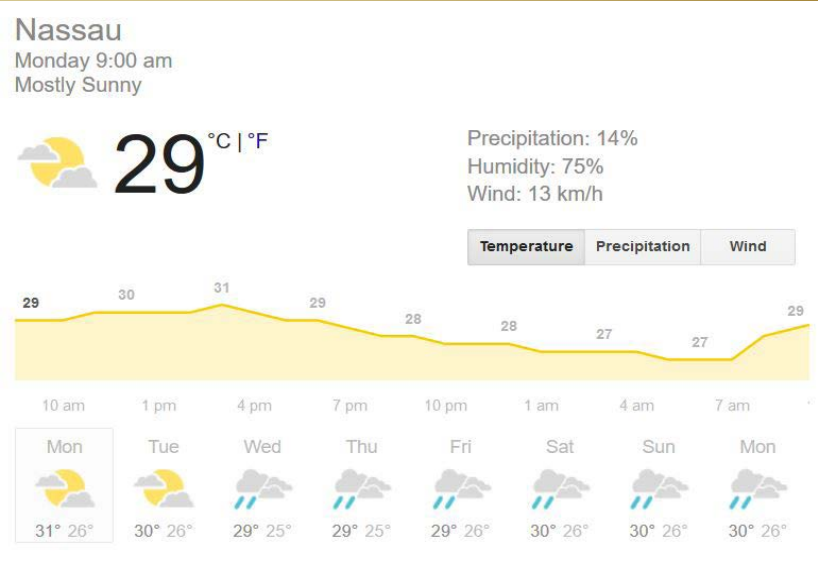

BN Agent, X  
No police in the town in Abaco, and NEMA has the airport of Marsh Harbor closed says locals in the city. We were expecting a lot from our government and Nema as they were so active during the storm, keeping us up

to date with everything regarding the storm itself but now when they are really needed everyone is playing silent. Nema updates on the national news station from time to time with updates that really don't have to do with the bettering of those who have been damaged in the storm and have lost everything. The people need answers on what's the future of this relief, real step by step plans on how the country will move forward in recovering in both Grand Bahama and Abaco.

AMERICANS  
NOT  
BEING ALLOWED TO  
DONATE  
ALL GOODS INTO OUR  
COUNTRY.

UNCUT!

Who do you like better? who's the best at brings the news to you the people?

BN  
VS.  
THE TRIBUNE

BTC TO USD  
TODAY

1 BITCOIN  
=  
\$10,578.30 USD

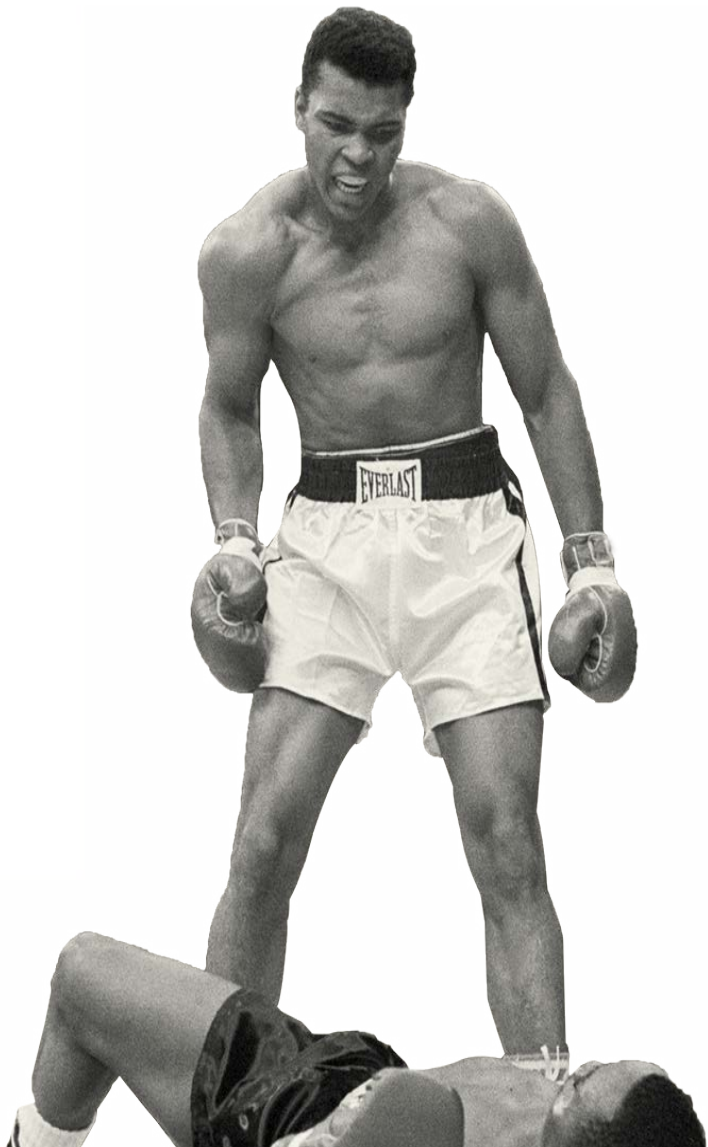

BN Agent, X

Men may lie, women may lie but numbers don't lie. It seems as though there's a new school news company on the block and the people are willing to let the old schools go. In a Facebook poll BN was placed versus the Tribune in a who do you love most when it comes to providing news match and buddy the

people surely made their mark on who they would side with. BN overall won by a large percentage, and there's multiple reasons why, BN is like the Tribune on steroids. Constant online news in real time, with accurate information from real people as eyewitnesses and a digital newspaper with video play, interactive links and articles that takes our stories more

in depth beyond the brief coverages. While the Tribune is more in the 80's, still black and white, only able to view if you make a purchase, partially read once by the buyer and then tossed in a cabinet to be used as vehicle window cleaners in months to come. With the new era of technology and all of its advancements humans are more focused on whats keeping up with

the times and getting rid of the old, because the new comes with so much more features.

Mudda Bites logo with the tagline 'Bite Into It'. The logo includes a chocolate chip cookie icon and social media handles for Facebook, Instagram, and email. To the right are two images of food: a close-up of round, fried items and a pile of small, round, fried items.

# BN \$5 DOLLAR FUND HURRICANE DORIAN RELIEF

BN Agent, X

On September 1st Hurricane Dorian made its presence in The Bahamas as a category 5 and devastated both Abaco and Grand Bahama. Since the catastrophe, there has been an outpour of support from people locally and around the world springing into action and constantly contact us seeking

ways in which they can donate and help to rebuild our islands. Therefore we have built the \$5 dollar fund, to help rebuild homes for persons that have lost everything in the storm and didn't have insurance for the homes that they lived in, with no possible way of being able to rebuild their home and no one to turn to.

For our fund, we are making a promise to show full transparency of every dollar collected and spent. BN is the most popular news outlet in the Bahamas for modern news broadcasting through social media. Our facebook page reaches more than 1 million people on a monthly basis and some months we reach up to 3 million persons. We are asking

for a donation of only \$5 dollar from each of our viewers so that we can begin reconstructing homes on both Islands. For years, we have been a trusted organization for telling factual news to The Bahamas and Bahamian people. Now, we want to prove that we are willing to go the extra mile and help them in their time of need but to do so we need each and everyone

to lend a helping hand of \$5 donation. Together in volume we can meet our goal and build Grand Bahama and Abaco back one block at a time.

## 5 MURDERED IN NASSAU OVER THE WEEKEND MURDER COUNT NOW AT #74

BN Agent, X

4 Murders in 30 minutes in Nassau on Friday night, multiple shootings in different areas, blood bath and a 5th shooting on Sunday bringing the death number up to #74

In the first shootings on Friday which happened in 30 minutes four people were shot and killed and eight others were injured in separate incidents in New Providence:

Murder key west street (2 males was shot one die)

Murder in pinewood (2 females shot)

Washington street (Male shot)

Anderson street (Male shot fox hill)

Sundays Murder - This latest incident comes on the heels of a 5th homicide over the weekend that took

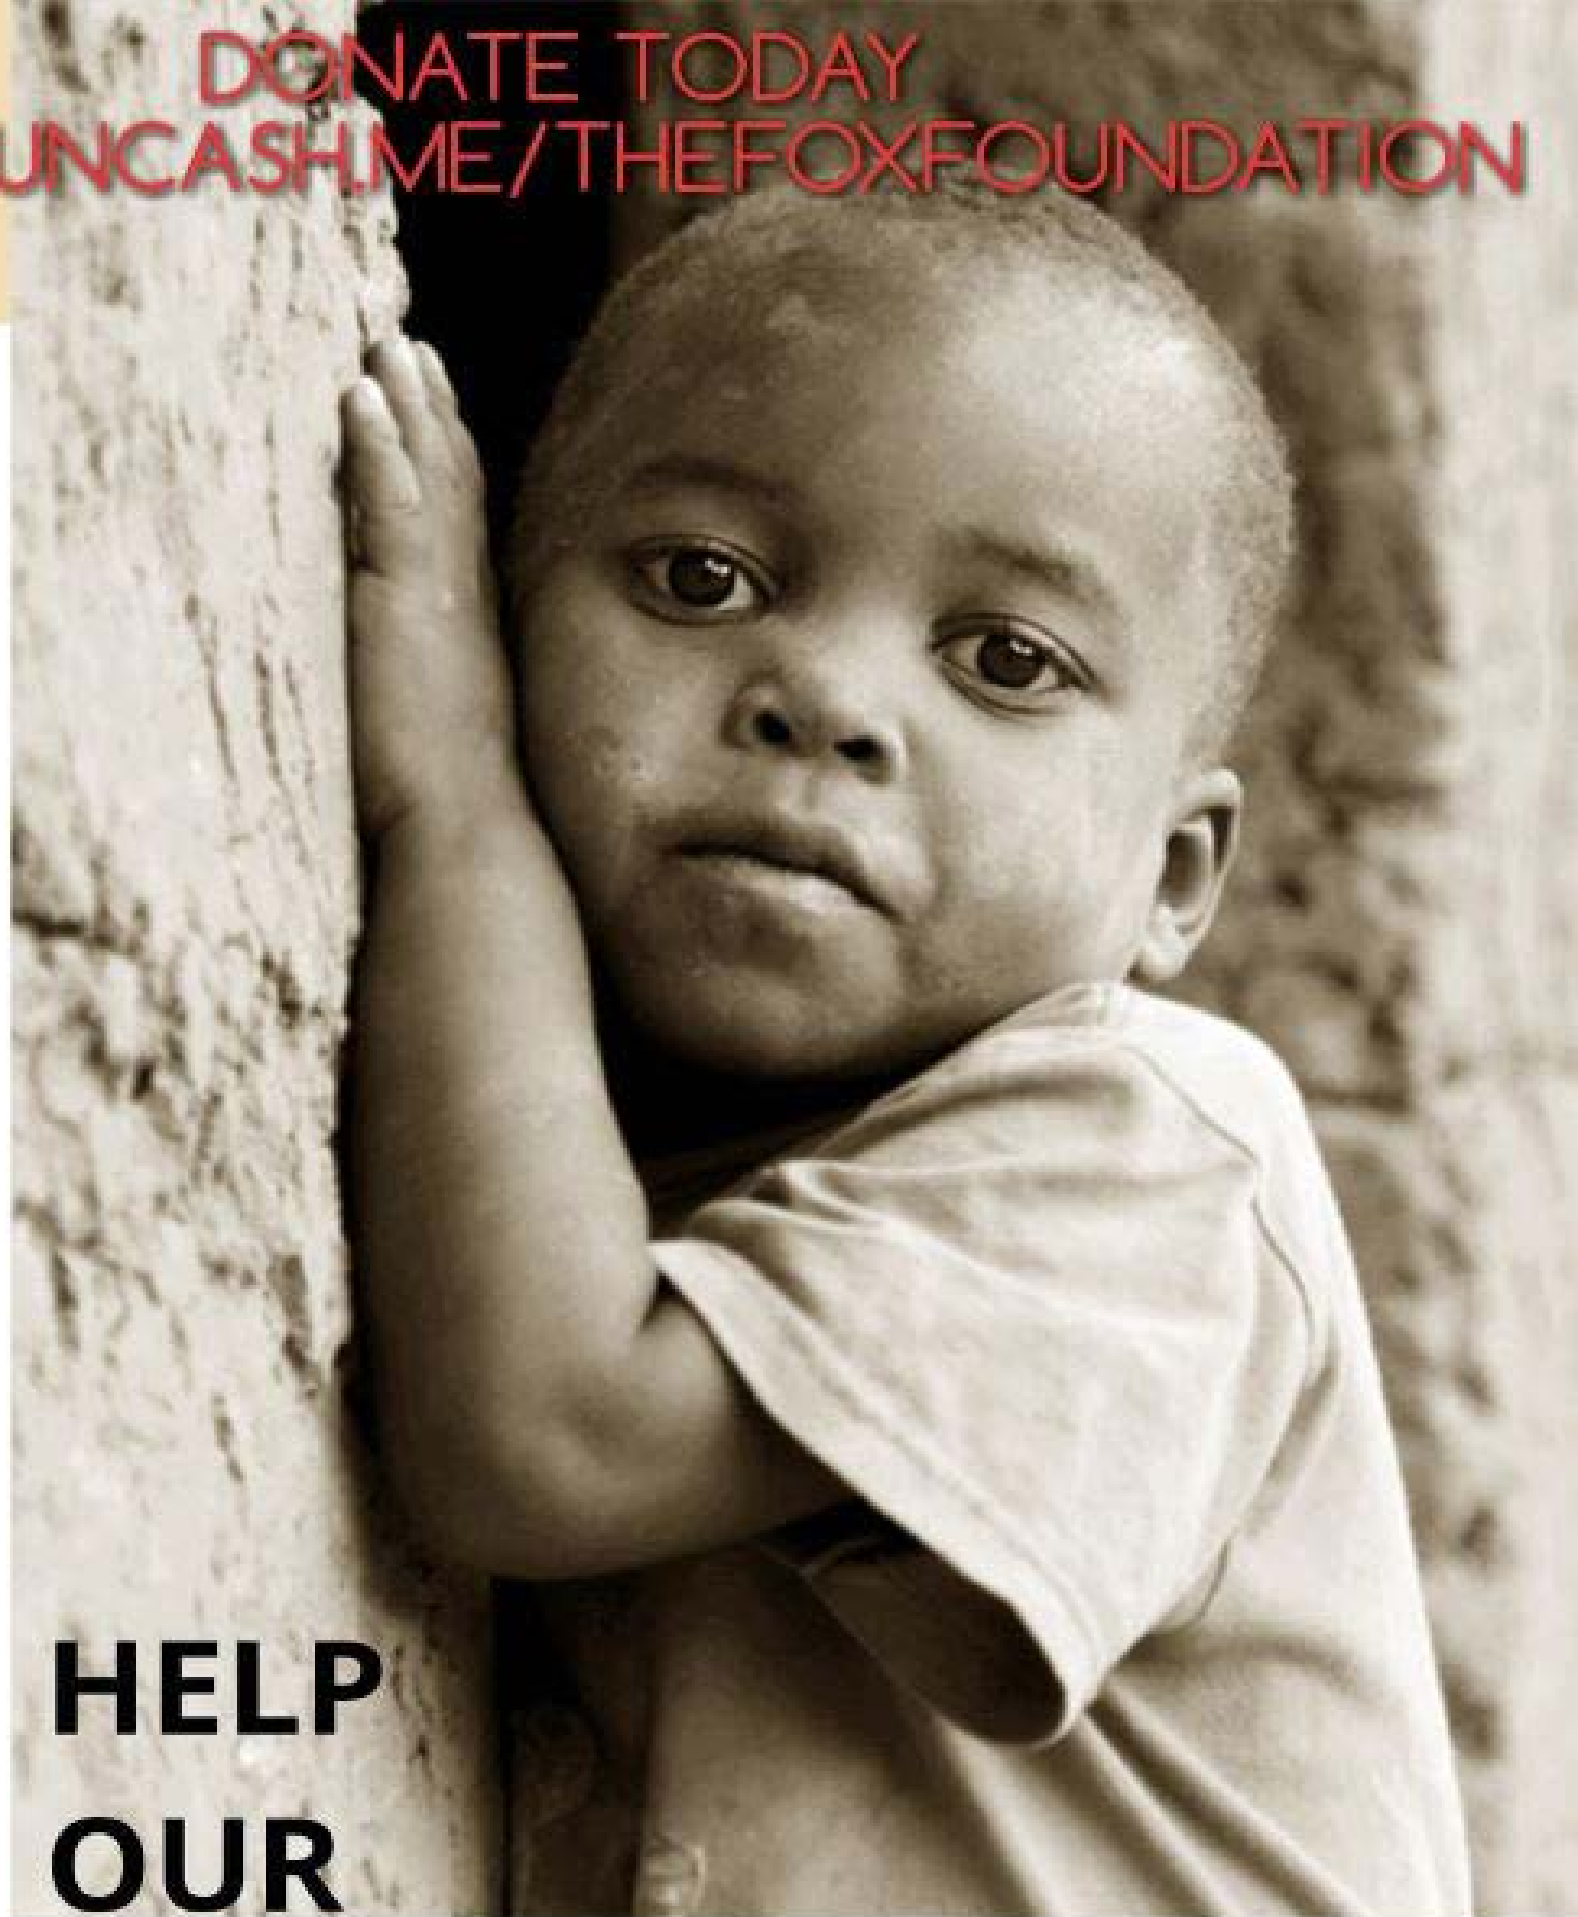

place in the St. Albans Drive area around 2am Sunday morning. A man was walking in the area when he was approached by an armed man who shot him, then got into a silver vehicle and sped away. That victim later succumbed to his injuries at PMH. This latest incident raised the homicide count to 74 for the year.
