OFFICER & YOUNG LOVE PART 2

BN Agent, X

If you can remember the well known officer who recently got engaged to a young lady he was watching from Grade 11 but now a adult, come to fine out theirs more we didnt know .

Writer, writes:

What's disturbing is this young lady know damn well the mother use to date Mr Burrows first. She knew that was her mother boyfriend. She use to have his bank card in school showing off to the kids that she has her boyfriend card with his name attached to hit. He use to pick her up from school in

the police Jeep. Once she got in the Jeep she start rowing him "why you just picking me up" here I am thinking he was being a father figure but all along he was being preying on that lil girl who knows what they did while she was in school. But Yal can't find nothing wrong? The mother wasn't even invited to the engagement, why you think not? She knows what she is doing is wrong! She was a child in grade 11! 15-49 and who knows what happened before that! And Yal ok with this? Speaks volume over the Bahamas.

ACP Kendal Strachan has been locked out of office at Police Headquarters and has been asked to be present to two youth reform schools. He has been locked out of his office, had his key deactivated and his police radio has been taken away from him.

It's clear Ken doesn't want to be a TOP FLIGHT security as this is not the position you put someone in after they have rise to the ranks as an ACP. Marvin Dames claims this new position is not a downgrade as Strachan role would of been to

advise the Minister of Social Services and hold the position of the Chief Security Officer and Advisor for that ministry. Dames says Social service is a part of the crime prevention network.

So how long is Strachan prepared to exercise his power and authority? Having been alleged that the Prime Minister gave the orders for certain senior police officers to be transferred to various ministries as Senior Security officers is it any wonder why they should not stench from going.

It is a violation and a breach of all codes, ethics and constitutions for such

a transfer to occur and at the very least the one who gave the orders for such humiliating moves should have been advised better.

CREDIT SCORE COME 2020 TO THE BAHAMAS

The Bahamas Credit Bureau will be fully operational in 2020. This Bureau will determine the creditworthiness of all Bahamians and whether it's a risk to lend you money.

By L. I. Rahming

The Governor of the Central Bank said some Bahamians have less than \$1,000 in savings. The Bahamas Credit Bureau will be fully operational in 2020. This Bureau will determine the creditworthiness of all Bahamians and whether it's a risk to lend you money. If you have a paying on-time problem, you need to get your finances in order urgently.

When the Credit Bureau is introduced in the Bahamas if you don't pay utilities on time or bank loans on time, you will have a

difficult time getting access to credit. If you have a bad credit history, you should work on cleaning that up. Every Bahamian will have a credit score. So we could discuss increasing the minimum wage all we want Bahamians customarily borrow more, and we don't have a culture that saves money. It was revealed in 2017, that nearly 90 per cent of deposit accounts held by residents in The Bahamas had less than \$5,000.

The Bahamas Credit Bureau will separate which Bahamians to lend money to and which Bahamians not to lend money. So all

the reckless money behaviour some Bahamians had will have consequences. Lending institutions will judge our risk accordingly. The Credit Bureau isn't bad; it serves as a way to protect lenders. It will promote Baha-

mians to meet their financial obligations. If you don't meet your financial commitments, it will cost more for you to borrow money. I hope the Government educate Bahamians on this.

“ BONGIE OF THE DAY IS AWARDED TO 17 MILLION ON DRONES DEAL

IT DOESN'T GET MORE OF A JOKE THAN THESE SET.

BN Agent, X

It's hard to point the finger at one particular person for this huge bongie of a deal. When there are so many people that pay such a big role. But Today our bongie of the day is everyone who allowed these two guys to swing us out of \$17 million.

First it started with the shot spotter technology that was supposed to be able to spot whenever anyone on

the entire island shot their gun, its supposed to be able to identify you and where the shot happened, hold on hold on, we know what your thinking, but no we don't know how it was going to work, mussie some kind of Satellite or something, anyway the fact of the matter is that was a swing. Because people been shooting since that got launched and we aint see how this tech works yet.

Now we have the drones, that are

supposed to pick up on criminal activity. The only thing these drones are going to be good for is shooting 4K images of the already done crime scene. Or keeping an eye on who ever police get into a high speed chase with. Outside of that, the tech of drones helping to fight crime will be useless. Let's all suck this loss up early because it's already being signed and we just have to live with it, \$17 million gone down the drain.

But here's what they claim the drones will be used for, \$17 Million on 55 long range and short range drone UAV's to be integrated into the daily operations of Customs, RBDF, RBPF, Immigration and Bahamas Department of Corrections. This was 2 years in the making after prospecting more than 25 companies, SWIFT Engineering based in California was awarded the contract. This also involves training. Department of Lands and Survey will also benefit from the as well as other government departments.

The 3 models serve a

specific purpose and will be monitored at the Police Control Room and the RBDF Operations Center. These will also be used in conjunction with Shot Spotter. MAN JUST CALL ALL OF US A CONCH ONE TIME, CAUSE YALL WIN, WE GET SWING AND YALL ABOUT TO TAKE THE MONEY BROAD DAYLIGHT.

MAN SAY GENERATIONAL CURSE MADE HIM COMMIT ARMED ROBBERY

BN Agent, X

A man who was convicted of a double armed robbery of two stores was asked to address the court before sentencing. He apologized to the courts and the victims for his actions and blamed it on a generational curse over his family that was brought on by incest in his family. He insisted that all he needed. Was prayers and counseling and not jail time. The judge was not moved by the convict story of generational curse and incest, and sentenced him to 10 years at the Department of Corections AKA Fox Hill Prison.

year sentence for robbing a Super Value food store and Budget Meat Mart in Fox Hill, blamed the "sins" of his relatives for causing him to commit the separate acts in July and September. Minnis said while such issues shouldn't be ventilated in public, he strongly believes that their relationship caused a "curse" to befall him in accordance with God's law.

KCX FINALLY IN SURGERY AFTER WEEKS

BN Agent, V

Let's keep Kendel 'KCX' Colebrooke in prayers, he went into Surgery today.

Colebrooke who is a Cancer survivor, a Freedom Fighter and a Spiritual man, suffered two broken legs about two weeks ago. He was in PMH waiting for more than a week for surgery.

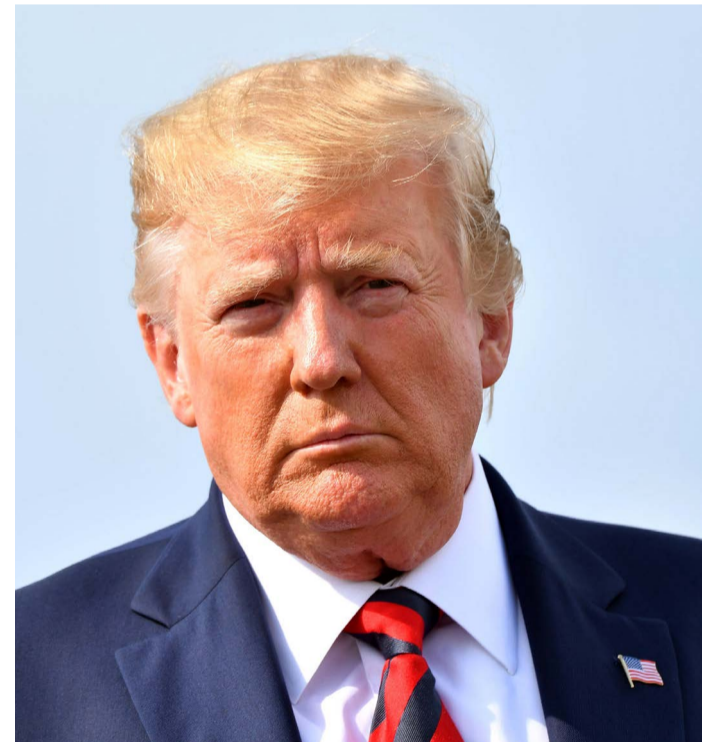

INTERNATIONAL DONALD TRUMP IS IMPEACHED AND FACES TRIAL IN THE US SENATE

BN Agent, X

Donald Trump has become the third US president in history to be impeached by the House of Representatives, setting up a trial in the Senate that will decide whether he remains in office. The House voted on two charges - that the

president had abused his power and that he had obstructed Congress. Nearly all Democrats voted for the charges and every Republican against. President Trump's Republicans control the Senate so it is highly unlikely he will be removed from power.

BN Agent, X

Writer, Writes:

Goodnight BN
hope this
message finds
you well. I have an issue
I need address I was in
Kelly's Department store
this morning, I purchased
s gift a toy car for my son
secret Santa at his school
party which was being
held today. I paid for my
item and asked the cashier
for the gift wrapping
section. They pointed
me in the direction and I
went in. I asked the young
lady if she was able to
wrap the gift for me she
said yes but it's a charge .

Now bare in mind this an
item I purchased out they
store I mentioned this and
showed her my receipt.
She said it's the policy
she still has to charge
me although got the item
from them, I couldn't wrap
my head around that idea
like I don't mind tipping
the young lady's because
this is what I usually do
but why is Kelly's charging
people \$5.50 minimum
I'm understanding to wrap
a small car purchased
from them? This is the
height of greed and
taking advantage of the
consumers, I told the girl
look if I pay you \$5.50

that money goes in Kelly's
register how do you get
tip? What's left for you guys
if all that goes to them and
this store charge . I think
this is so unfair to them
those girls are working
for their Christmas money
and Kelly's high gift
wrapping charges is taking
away from them getting a
lil tip. Expose them and
their greed this is not right

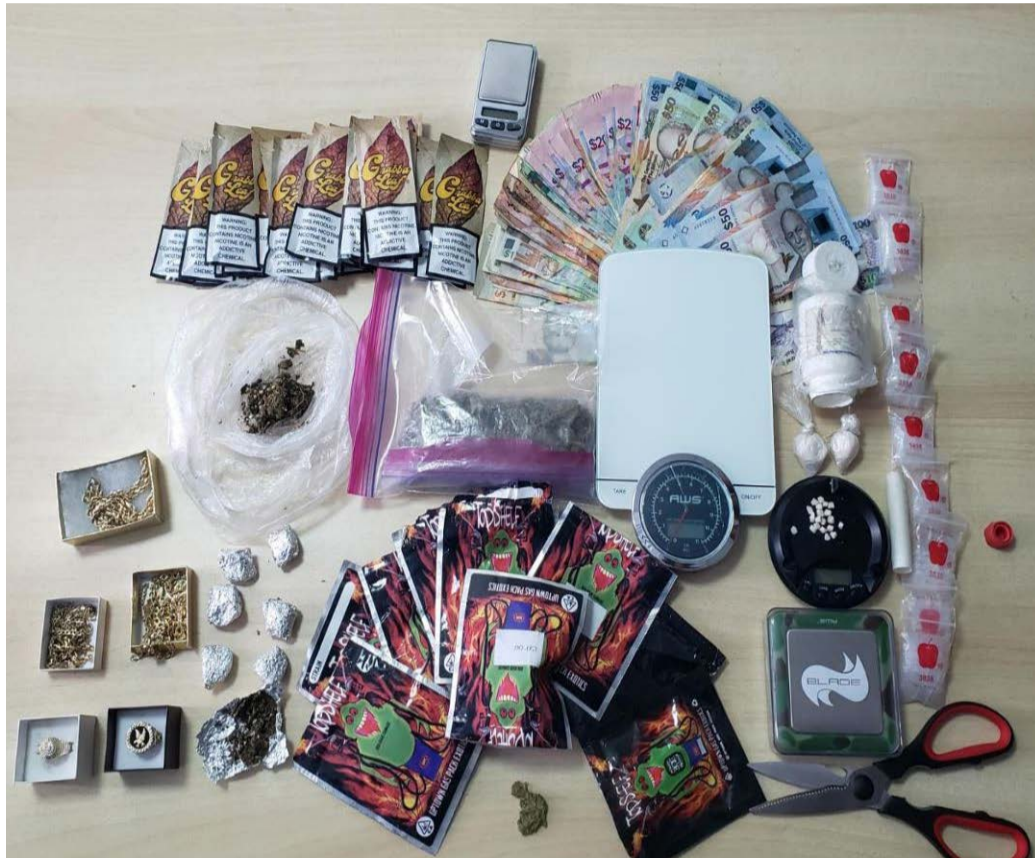

they are already a multi
million dollar company
my God what else they
want , give someone else
a lil chance man to make
lil something they items
already expensive and of
low quality but people still
shopping with them they
making money . I swear
the more they get the
more they dang want!
