## MEMBER OF PARLIMENT MR. MILLER SAYS FAREWELL

BN Agent, V

Golden Isles MP Vaughn Miller has quit the FNM. During the evening session of the House of Assembly, the FNM MP asked the House Speaker to reseal him in Parliament so that he may take his place as Independent MP.

While there were snickering and jeer throwing while Miller read his farewell speech what fellow FNMs should not bicker about is while the obvious three are just that, there may be others in

that same room who may be waiting for the right time to also make their move.

FNMs should remember a time when some of it's sitting members organized themselves and the good Doctor was on the outside looking out. It's no strange thing for history to repeat itself...it can and has happened before.

As a matter of fact the only way the FNM will secure itself at the polls during the next General Election is to address the obvious elephant in the room and change the leadership or like

the many who refused to leave, stay on-board the sinking Titanic and die their Political death. From the look of things FNM Titanic has hit it's iceberg and is taking on water.

While Captain Minnis must go down with the sinking ship others must remember there is not a bill Minnis can have that he cannot pay today, tomorrow or any other time. He is set for life and therefore does not need the chair to survive. We can say that while in the chair he has made sure he saw himself straight and a change in Government and an

inquiry will reveal such findings.

While BN is non-political we can see the illuminated writing on the wall..."Minnis must go" and we applaud Reece and now Miller who has once again held true to their convictions and moved thereon. Others should do likewise and move to not graze pastures that are drying up.

## STROMBUS GIGAS \$1400 & MINIMUM WAGE INCREASE

BN Agent, X

Minimum Wage is supposed to increase but Peter Turnquest says its not in the fiscal budget for 2020. Hmm so y'all take us for CONCH!

After months of negotiations that led to a demonstration in August, the Bahamas Public Service Union (BPSU) signed an agreement with the government that will see its members receive a \$1,400 lump sum payment in time for the holidays. A copy of the signed agreement, dated December 4, indicated BPSU members will receive the lump

sum payment effective December 2019.

Following this remarks were made about minimum wage for the country will increase, but so far it has only been talk amongst the members of parliament, nothing in writing and no actual figure of how much minimum wage will increase to, so the question we the Bahamas would like to know is. Does this government take us for a Strombus Gigas? If these are conversations and its not in the fiscal budget for 2020, when will this change take place? One month before 2022 election?

**MISS  
UNIVERSE  
BAHAMAS  
WAS NOT  
ALONE**

We looked fairly decent compared to a lot of the others.

BN Agent, X

The 2019 Miss Universe pageant was held at Tyler Perry Studios in Atlanta on Sunday. During the national-costume portion of the competition, which was filmed two days ahead of the live show, each contestant sported an outfit that represented their country.

Many of the costumes were elaborate and avant-garde, and several contestants sported large back pieces. For instance, Miss Brazil wore a sparkly soccer uniform and gold wings, while Miss Vietnam carried a giant spoon as part of her ensemble and then there were other countries including ours that just kinda got a little lost

in the hype: we don't know what the designer thinking? Perhaps they were trying to do a combo between a mermaid and a parrot. Whatever it was it's right up there with that bad Christmas tree that didn't make the cut.

Many may say our costume dress this year for Miss Universe reminded them of the bird on the corn flakes

cereal box, but realistically other countries made her dress look like a joke. I mean a women came out there with a pot on her head. A POT!

## CROWD OF 10+ PEOPLE STRONG

BN Agent, X

ROC wit or Rock at Doc, what was suppose to be an overwhelming amount of support turned out to be a poppy show and a political disaster.

Can you imagine the mighty FNM Party could not mobilize the troops to come out and rally behind their leader. Its funny come to think about it. Imagine FNMs scurrying around trying to garner already depleting support. Who were those who came

out? Were they the little Tommy Tucker who sings for his supper? Whoever they were they did not make one iota of sense.

## CLICK2CLEAR SYSTEM CRASHING ON A REGULAR

BN Agent, X

Click2Clear system crashed, over and over again, as we know many systems crash all the time. What was baffling was the hold up of the customers who could not get their items cleared.

The system is new but the way items are cleared are not and Custom officers should have been able to revert to the old way of clearing items. Instead of manually processing the items Officers decided not to and clearing items

became a task with Customers being turned away and having to wait longer. With a new system like this put in place you would think there would be bug fixes along the way and a 24 hour support team to help them if it ever was to collapse, well from the looks of it, the system coder probably did a poor job and after being paid, could care less how long it takes to come back up, if it was to crash. With information and data being the most important tools on earth in technology, we need to take the tech industry much serious, as far as data protection, system security and system operations.

## VALENTINE'S RESORT BACK AT IT AGAIN

BN Agent, X

Hello BN, Please keep me anonymous. We the staff at VALENTINE'S RESORT & MARINA wrote you guys three months back stating the personal matter between The VP/ Manager Dean Spychalla and his wife Barbara Spychalla.

On the sweetheating scandal of a former local employee with Dean Spychalla. However it has been getting worse by the days for the staff is STILL suffering by the hands of his wife. For the pain her husband did to her and it's not fair to us! We heard rumors from last season that the wife made a statement that if she could have fired the entire staff she would have because

we didn't tell her about her husband sweetheating with a former employee when she used to visit.

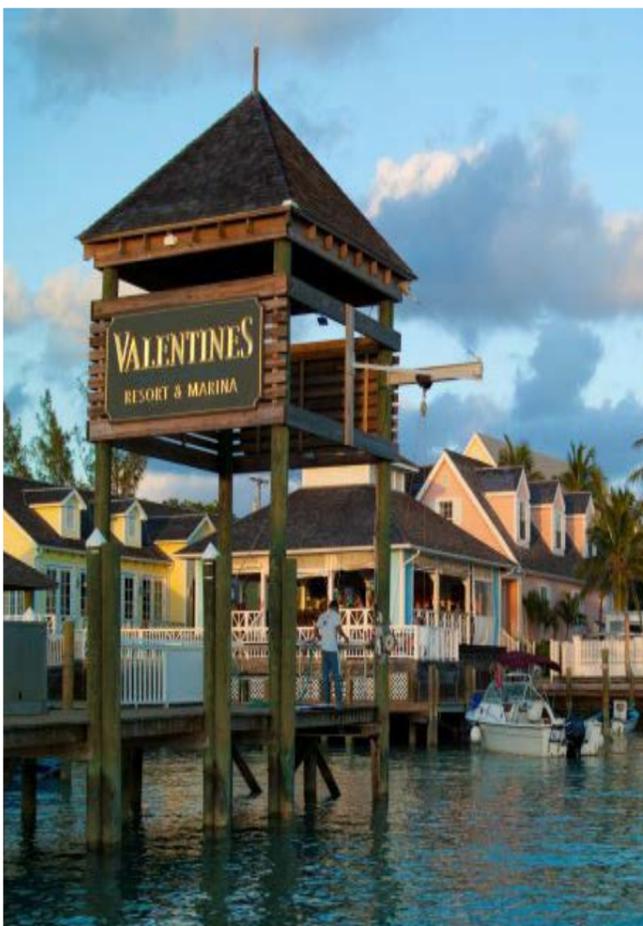

But she had a greater plan she fired 5 staff members, demoted 1 manager and a supervisor, forced 1 manager and 2 supervisors to resign. To bring in and employed 10 Abaco persons who are working more hours than other staff members who are also living in the hotel rooms for free and also have the hotel maintenance team renovating a local person apartment for them. We have staff members in The food & Beverage department who have been working for the company for 17 years and has yet to be put back on the schedule since August because the wife wants

to mentally kill the staff members so they can quit or resign. We send The Department Of Labor Board at Valentine's last week for answers but The Food & Beverage Manager Inez Young lied to them saying that Dean Spychalla & His wife wasn't on the Island giving them time to

book a flight the next day and is now of the Island until next year January. We need your help Bahamas help us get this post to reach The Board Members of Valentine's to get rid of Dean and Barbara Spychalla.

# BOY SHOTS HIMSELF IN THE GROIN

BN Agent, X

**B**oy shot as he plays with gun!! A boy is in hospital after he was shot in the groin while playing around with a gun found inside a relative's home, police said. Police said the incident happened shortly after 2pm on Sunday when a juvenile male was visiting relatives at

Romer Street, Fox Hill and another boy found a firearm inside the home. "As they were playing with it, the firearm discharged a bullet, hitting one of the males in the groin," police said. "He was transported to hospital and is detained in stable condition." Police did not release the ages of the two boys.

# FIVE ACP OFFICERS SET TO BECOME SECURITY OFFICERS

BN Agent, X

**F**ive high-ranking senior officers of the Royal Bahamas Police Force have all received letters confirming appointments to head up the security in Government Agencies throughout the country. Assistant Commissioners Clayton Fernander, 54, Theophilus Cunningham, 54, Ashton Greenslade, 54, Ken Strachan, 52, and

Leamond Deleveaux, 54, all received letters back in March from Police Commissioner Anthony Ferguson, advising them to go on vacation. We understand the officers have all been appointed to government agencies upon their return to active duty. Interestingly, the Police Act does not provide for any such transfer of high-ranking officers to be assigned outside the RBPF.
