16 YEAR-OLD MISSING GIRL SAY'S SHE'S NOT COMING HOME IN VOICE NOTE

BN Agent, X

One are the days, young people are punished for being out of hand. As of recent a young teenage was listed as missing by her family members, 16 year-old to be exact. Days after a voice note was sent to the family of from the 16 year old stating " I am perfectly fine, I just dont want to be home, I don't want to be around there no more and I'm good by myself." Well cut off my

leg and call me shorty, if anyone of the 90's, 80's, 70's or 60's babies sent a voice note like that back home after running away making people believe they were missing, we would be 6ft under after that get two blue ticks. We spearing the rod of correction to much now-a-days adults, we must pick up the slack or it will only get worse. However Ms. "I'm good by myself" will be home shortly.

She has been identified as 30-year-old Monet. It began after an argument between Bj and Monet which resulted in him finding out she had cheated on him. After this he turned out to do the worst of the worst, which was grabbing a knife and stabbing her until

she went unconscious and eventually passed. During those moments Bj kept himself locked away in their apartment as police reached the scene Bj jumped on his balcony threatening to jump and kill himself. When police saw this, they spent hours trying to convince him not to jump, Bj kept screaming "but she cheated on me and I never cheated on her" after hours passed police made there way to him, this is when Bj decided to jump and landed safely only sprenning a leg and arm. He is now arrested for the murder of Monet.

Is the camera's the answer to crime at this time? NOPE. Does camera's stop CRIME? NOPE. Does camera's slow crime down? NOPE.

Minister of National Security as of recent has signed off on a new set of CCTV camera's for the police force to be placed around the islands of the Bahamas. Which has its pros of capturing every moment of everyday wherever each camera is placed. But the problem isn't the camera's the problem is the criminal and their mindset. Let's take a look at our history of footage of criminals in the Bahamas, when you have a society of young kids and adults holding guns, committing crimes in broad daylight with NO MASK ON at ALL! NO MASK, and its captured on camera (some of them even look directly at the camera while committing the crime) and the video is given to the Police force or posted on social media, mind you everybody knows "john and billy" who was seen on camera robbing the gas station but no one is speaking on John or Billy. The police force goes by known areas of John and Billy but can't

seem to find them and no one knows where John or Billy is because their in fear for their life. What problem is the camera really solving? Now John or Billy somehow gets spotted and gets arrested months after, their in court, court plays the tape of John and Billy, while J&B already hired the dirtiest lawyer in the system and pleads not guilty.

Now the jury is confused, because they too can see that's John and Billy on film in the robbery, but there wasting the court's time fighting a case. All of a sudden the local drug lord Uncle Benny, need John and Billy to stay on the road because they some of his top workers and one of them is his nephew, so a few thousand here and there through payments of legitimate businesses to the judges and lawyers. John and billy gets sentenced to the minimum for the crime and still doesn't serve the full prison term that was mentioned in their sentence.

John and Billy gets out in less than two years, with an ankle bracelet and still running around the streets terrorizing society.

We wouldn't even talk

about the MURDERS who have pure evidence against them and still don't serve max penalties. The only murderers and robbers that do real time are criminals who are nobodies to our society, that have no stripes nor name in our streets, the justice system makes examples out of them, but nobody even cares, why? because their nobodies.

If the justice system was a bit more clean and courts really show these criminals that our judicial system isn't anything to be played with, start making an example of these known veteran criminals who these young folks look up too. You will see a change in the mindset of young criminals. Because its no joke in todays world in the Bahamas, when your able to hear young man threatening a cashier saying "I would put you down and do 5 years for you right now

mum, you don't know who I is aye!" just because she simply moving to slow after a long shift at work and its closing time,(shows you the times we are living in).

The system is a joke, so criminals are not taking it seriously.

BONGIE OF THE DAY IS AWARDED TO 3 BIRD AND 1 GOAT!

OUR MP'S JUST TALKING TO HEAR THERE SELF NOW-A-DAYS.

BN Agent, V
Minister of Environment, had the most to say this week after being asked about the oil spill and how it has impacted our environment. "On land we can confirm, 1 goat and 3 birds were impacted by the storm." Rodney Moncur said it best, move him off the screen before he cost all of us lose our

job and throw this rock at him! Why are these ministers getting in front of the camera and embarrassing us like this now a days, sigh smh. We don't know what to say what's coming next? From need to take cowboy baths, 7...77.. 747.. 7 million to now 1 goat and three birds, these members of parliament just doing for more in front of the camera.

RBDF OFFICER PASSES NOT DUE TO AIR POLLUTION

BN Agent, V

Defence Force Marine Wallace suffered a cardiac arrest after presenting to the Marsh Harbour Clinic at 6:00 pm (Tuesday 24th September, 2019). He succumbed after emergency air evacuation and was pronounced dead at Doctors Hospital in Nassau.

An autopsy will be conducted to confirm the exact cause of death and the relation to his known chronic medical illnesses, which were evident at the time of his presentation. Mr. Wallace's medical history will remain confidential.

There is no evidence that his death was in any way related to his posting in Abaco, the environment, air or water.

Out of an abundance of caution, we have also examined seventeen (17) other Royal Bahamas Defence Force (RBDF) and Royal Bahamas Police Force (RBPF) Officers. One other had symptoms of a rash and respiratory symptoms.

There is no specific or generalized risk of inhabitation in Abaco. It is safe for officers of the RBPF, RBDF, other civil servants and the general population.

DAYLIGHT NAKED WALKERS!

BN Agent, V

Hurricane Dorian has come and gone and has left behind a myriad of issues and problems. Those directly affected and survived are presumed to be alright, especially if they do not ask or accept counselling. The stark truth is that many people are not alright.

The trauma, shock and distressed felt by our nation is nothing a few good night sleep will whisk away like a bad dream once remove when sleep is no more. With our high level of pride and arrogance we are left vulnerable to mental collapses.

It seems like no one is talking about it but instantly after the Hurricane there were

reports of people who were melting down and acting extremely out of character.

This Wednesday a video went viral and made the rounds in numerous chats and groups. It was disheartening to see a female walking around naked and those present helpless. We must return to basics and become once again our brother's keeper. We must ask our neighbors if they are ok and give kind remarks when can.

While these gestures are small and the reason are bigger at least care and support will cause many to verses the lack thereof.

CRUISE PORT DEAL GETS SIGNED

BN Agent, X

Agreements signed for \$100M Freeport cruise port and \$80M expansion of Half Moon Cay. The Government yesterday signed two separate heads of agreements with Carnival for the \$100 million-dollar development of a cruise port in Sharp Rock, Freeport, and an \$80 million-dollar expansion of Half Moon Cay. Prime Minister the Most Hon. Dr. Hubert Minnis noted the significance of the Freeport signing in the restoration and recovery of Grand Bahama following Hurricane Dorian.

"A major part of reconstruction, which has become even more urgent, is the ongoing

economic recovery and revitalization of Grand Bahama," said Prime Minister Minnis

"The Government expected to sign a Heads of Agreement with Carnival Grand Bahama Investment Limited and the Carnival Corporation for a new cruise port a few weeks ago. Because of Hurricane Dorian the initial date for signing had to be postponed. I am pleased that we are able to have today's signing to help in the restoration and recovery of Grand Bahama."

The Carnival Corporation has agreed to develop a new island destination on Grand Bahama on 329 acres of land in Sharp Rock. The cruise port will be the largest Carnival Cruise Port in the world.

The new cruise port will lead to significant job creation in the construction phase as well as long-term, said Prime Minister Minnis. "There will be significant opportunities for business development and entrepreneurship by Bahamians. The new port will result in greater Bahamian ownership in terms of a range of business opportunities,"

said the Prime Minister. When completed, the new port is expected to bring millions more tourists to Grand Bahama each year. The port includes aquatic facilities, food and beverage pavilions, restaurants and nightclubs, a shopping plaza, zip lines and sports facilities, miniature golf course, park areas, open air concert facilities and a transportation hub.

BAHAMIAN BOXING CHAMP SET TO BOX AGAIN!

BN Agent, X
After putting on a dominant performance in his last fight, Tureano Johnson is set to get back in the ring at least one more time before the year is out. According to Golden Boy Promotions officials, Johnson (21-2-1, 14 KOs) will take on Magomed Madiev (13-0-1, 4 Kos) with a tentative date set for November. The fight against Madiev is a World Boxing Association eliminator for the middleweight title.

"Madiev is a fast and crafty fighter. He's strong and slick - somewhat of a European Floyd Mayweather," said Johnson. "But he's a very beatable opponent. We're going to expose his flaws. I'm brushing up on my tools, and no one will be able to withstand that. I'll be ready, regardless of my situation right now dealing with the hurricane." In July, Johnson defeated Ireland's Jason Quigley via 9th round stoppage in the 10-round main event of the Golden Boy DAZN Thursday

Night Fights at Fantasy Springs Casino in Indio, California.
