NYGARD SENTENCED BUT STILL HASN'T TURNED HIMSELF IN

BN Agent, X

Will Nygard turn himself in and do his Jail time? Is the big question in everyone's mind. Peter Nygard who was sentenced to 90 days in Fox Hill Prison and fined \$150,000 last week Friday still hasn't turned himself in or has yet to come back on Island. We have been told Nygard is somewhere throwing rocks and cement in some ocean somewhere building land he doesn't have to pay for. As a result of this new venture he was unable to return before

his hearing. Allow BN to say now that we do not know where Nygard is or who is with much less what he may be doing with them. What we do know is that Canadian fashion mogul Peter Nygard was sentenced to 90 days in prison and fined in the Supreme Court on Friday after being found in contempt of court. Nygard was not present for the hearing. Justice Ruth Bowe-Darville handed down her judgment and sentenced Nygard to 90 days imprisonment and fined him \$150,000, which is to be paid in the next seven days. If he does not turn himself

over to the police or pay the fine, the judge ordered that he would spend an additional 30 days in prison and fined \$5,000 for each day the fine is unpaid. BN does not believe Nygard will show up much less present himself voluntarily for committal ooooooh no he will have to be caught and jailed before that happens. Nygard who has abused freedom in unbelievable extent shows his consistent disregard for anyone else but himself has once again defied authority and now blatantly disrespect Judge Bowe-Darville's ruling as he has no

regard or respect for women. Nygard does what he wants and doesn't care. The king of orgie, wild parties, sex recordings, stem cell research and other illicit activities have been allowed to live in Bahamas on his "private Island" while entertaining former Cabinet Ministers whose integrity were compromised without scrutiny from anyone. With so many titles BN thought it only fair to add one more new name "fugitive" because not even the Prison roaches want to be in Fox Hill Prison much less Nygard.

RUBIS ROBBED AT GUN POINT

BN Agent, X

It's that time of year again where hard working people are at risk of losing it all. Early this morning a lone gunman was caught on camera, NO MASK! robbing Rubis Gas station at their Winton location.

Our agents have been told the man walked into Rubis, casually walked around as if he was looking to purchase an item, walked up to the cashier with the item, asked for his total and pretended to take money out of his pocket, while pulling out a plastic bag, throwing

it at the cashier, and yanked out his hand gun telling him to put the money into the bag. He then got away after receiving all that was given to him.

Bahamians be mindful of the season and be vigilant these robbers aren't holding back, while you have been working hard all year round, they are looking to take what little they can at any means. Police are asking assistance in finding the gunman, if you have any information on this man call 919.

BLEACHING CREAM EPIDEMIC IT CONTINUE'S

SELF LOVE,
IS CLEARLY OUR
PROBLEM, AS
MANY OF US
CONTINUE TO
APPLY TOXIC
PRODUCTS ON
OUR SKIN,
SEEKING OUR
OWN DEFINITION
OF BEAUTY.

BN Agent, V

Being "near white" is the new normal, and today you can put acid in a jar and sell it and make money. What is it about us that has caused us to have a fixation about bleaching our complexion.

Don't believe for one moment that your dark skin classmates have relocated; you are probably passing them often and just didn't realize that white gal was ya black gal schoolies. Make no mistake now the guys wan this thing just as bad as the girls.

Bahamian men are crossing over and likewise are lightening their skin. Chocolate as we know it will soon be scarce. This new craze is so serious that some people are mixing multiple products and lines not to mention the bush Chemists are mixing batches with unbelievable ingredients, we mean

everything from perm to bleach. Certainly these methods are unsafe and the side effect will speak fully in time to come.

Merchants are raking in big bucks from the sale of whitening products. Some drink tea all day just to save for the products as the regimens must not have a lapse in usage as this could be costly. While chocolate comes in different shades including white BN wishes for its readers to be aware of the effects that can occur and we have listed them below. Possible side effects of skin-lightening creams can include: redness and swelling (skin irritation and inflammation) a burning or stinging sensation itchy and flaky skin What could go wrong Possible risks of skin-lightening creams containing hydroquinone, corticosteroids or

mercury include: skin turning dark or too light thinning of the skin visible blood vessels in the skin scarring kidney, liver or nerve damage abnormalities in a newborn baby (if used during pregnancy)

BONGIE OF THE DAY IS AWARDED TO CLYDE CHEATS & CRIES OVER EX GIRLFRIEND

WELL CLYDE HITS THE INTERNET WITH HIS CLASSIC! MAN CRIES!

BN Agent, X

The Clyde classic, hits the internet once more, with him screaming and cry to his ex, after we have been told he cheated. But seriously can someone tell dude relax it not that serious. A meltdown in public wow what did she really do to you perhaps she can bottle that up and teach these other females a thing or two. Because you got her in her Rihanna bag right

now, probably singing "You look so dumb right now, crying outside my house" after she watched this video.

While some may laugh at Clyde or sympathize with him we simple say Clyde get it together dude you claimed to have drink bleach in other voice notes that was sent to his family members. There is no female shortage in our country right now, therefore you are our bongie of the day.

“BECAUSE YOU PUT ON QUITE A SHOW! REALLY HAD ME GOING”

EYE SOAR ON BAYSTREET!

BN Agent, V

Bay Street Boys stop doing mess or perhaps Our energies should be directed towards the Government them. Why is the man who is so concerned about being clean overlooking this unsightly property in the heart of downtown. D'Aguilar really need to do better!

Bay Street is not over the hill where there is limited foreign traffic and opportunities for viral photo opt. This is downtown foreign walkers world, not only is the building an eye soar but it must also be an incubator for rodents and vagrants and acts of criminal activities.

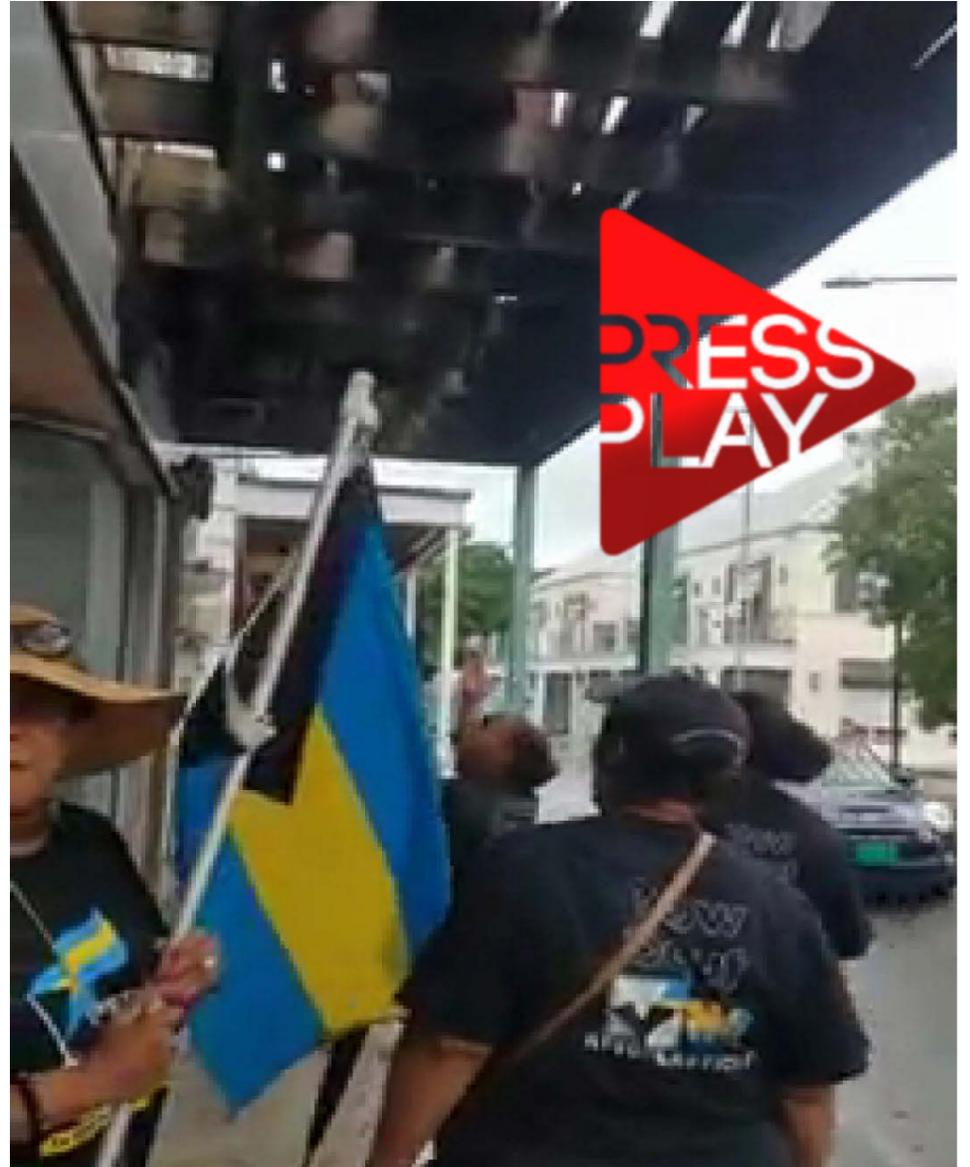

This is unacceptable for

a country that depends heavily on Tourism. How can we allow buildings in downtown Nassau to now become public ruins? Is it because the Bay Street Boys are the owners of this property and others in downtown Nassau?

While this property has been singled out there are multiple properties on Bay St that are likewise abandoned and are in decaying ruins. Where is Inland Revenue and Real Property Tax? We can guarantee you that no real property tax is being paid on these eye soar buildings.

This is the one time BN wishes the Port Authority had control over bay. Where is our pride and appreciation for cosmetic appeal? If a

picture or video is worth a thousand words it clear to us what those words would be. Get it together and make your supporters do better and clean up Bay Street.

BN Agent, V

They say the Bahamas is for Bahamians but one must really reconsider this when you learn that foreigners can come into the Bahamas illegally, squat then build on land and live with minimum expenses while messing up the water table.

Is it possible that some of these airborne illnesses and viruses are as a result of human waste being disposed in unsanitized conditions? Are some illness a result of human fecal matter being thrown in the open? Whatever it is it is enough for any right thinking government or Minister of Immigration to act upon and eradicate this vexing

problem.

While Bahamians are paying heavy monthly mortgage fees and in other instances frustratedly saving for their down payment for their piece of this rock others mainly Haitians can come and erect shanty towns and no one says a DAMN word.

Is the Minister responsible a sell out or is some other Cabinet Minister compromised or does the PM businessman extraordinaire receiving his look the other way pay? This situation has

been allowed to fester for decades and now the Haitians believe they are entitled.

Something must be done and it must be done now as these once Haitian shanty towns have now become Haitian Cities. Where they are a law unto themselves there are "Mayors and Governors and matters are dealt with in the Shanty communities.

Land owners should be made to pay for the years they allowed and profited from the Shanty communities,

those lands should be revoked by the Government as many of them were crown grant.

If the Government is not serious about addressing this issue then perhaps the people shouldn't be serious about returning them to power.

This Immigration issue is out of hand and needs fixing ASAP before shanty towns that became shanty communities that have become shanty cities now becomes shanty country.

SALVATION ARMY RED KETTLE BELL LAUNCH

BN Agent, X

Like the sight of decorations adorning lamp poles, and the smell of fruit cakes fresh out the oven, since 1931, the iconic sound of the Red Kettle bell is an age-old tradition that heralds the arrival of the local holiday season.

From November 23 to December 24, The Salvation Army will enlist the support of dozens of volunteers to cover the island, bell ringing to bring help, hope, and comfort to those who need it most during the holidays and throughout the year.

this morning, Felix Stubbs, Chairman of the Salvation Army Advisory Board, expressed the vital need for corporate and individual support of the organization's Red Kettle campaign. "The ringing of the Red Kettle bell transcends the physical sound of a bell; it is a call to fight for good - representing the sound of feeding the hungry, providing comfort to children in need, shelter, and provisions for the homeless and countless social service programs year-round."

Corporate donor Doctors Hospital has been supporting the work of

The Salvation Army for more than a decade, enlisting their troops to volunteer as bell ringers and generously donating to the organization to support its mandate. "We are pleased to partner with The Salvation Army once again to support their important work to change lives and communities for the better," shared Charles Sealy, Doctors Hospital CEO. "By donating to

the Salvation Army, we are effectively helping thousands of individuals and families across the country who turn to this organization in their time of need."

This year, more than 30 locations will feature Red Kettle bells and volunteer bell ringers, including all Super Value Food Store locations, Kelly's Home Centre, Lowe's Pharmacy, and John Bull.

MORE BLOWS IN YOUR CLOTHES THAN **MAYWEATHER**

BN Agent, X

Whoever said words can't hurt tell them ask dude. We don't know what he said but some foolishness almost caused him almost get kill in our neck of the woods.

Enough wasn't enough as he got ganged without a fighting chance. Never-ending blows and stomps

were piled on him and the only thing dude could do was cover his face. Man we thought for sure PMH was on standby for her next victim.

BN does not condone violence but we were glad for a fight without weapons and that all lives were intact at the end. Now while we only have one Bongie of the day we wish there were

two but Clyde you and cut hip dude must be drinking the same sewer water.

Dude gone fight in an area where he was outnumbered then comes on social media talking foolishness about murder. Listen dude you lost the fight you got a before Christmas cut hip and at this rate our poor Santa may not have energy

to deliver those gifts to others.

MISSING IN ACTION OMAR, IS A STRAIGHT SAVAGE

BN Agent, V

Is Omar Beast, Savage or Human man this dude goes for the kill spot every time. If Omar aint send for you leave him da hell alone.

We don't know where Omar gets all this information from but man he has a directory with never ending names, skeletons and dirt. No housekeeper can clean that closet or dare go near.

While BN aint getting into the fray of who

what and why Omar Attack Dog was pouncing down on his prey all we ga say is tread carefully because this dude lives for the savagery.

Omar's raw in your face style has shut down many Goliaths and BN simply says next victim be warned Omar is on the loose and is on the prowl looking for you.

LAKERS VS. KINGS

BN Agent, X

Shooting guard/small forward Buddy Hield had 14 of his 15 shot attempts come from beyond the arc in the loss to the Lakers on Friday. Hield managed to connect on six of those attempts from three en route to 21 points while adding three assists with eight rebounds and a steal in 38 minutes of action. Hield has turned things around after a chippy start and is now averaging 21.0 points, 5.0 rebounds

Before Kings guard Buddy Hield spoke to the media Friday night, center Dewayne Dedmon warned him to watch what he said and save himself some money by not being fined by the NBA for criticizing the officiating in the Sacramento's 99-97 loss to the Los Angeles Lakers at Staples Center. The NBA will decide if Hield's comments warrant a fine, but the league will not like Hield viewed the outcome. "This is a game we should have won," Hield said. "I think it just got

stolen away from us." Still, the Kings had a chance in the final seconds before the game was "stolen." "The game came down to one play," Hield said. .
