The vehicle of Gorman Bannister was destroyed, Saturday morning after a lone bomber attached an explosive device to his vehicle and blew it up during the wee hours.

Mr. Bannister known as an activist and operative that has stood up for the people and exposing all of Brent Symonette's, the Bay Street boys and White Knights' dirt and also dirt that is happening in our government.

Gorman for some time now has made the public

aware of a weed plant already in operation on the island of Andros, that will become a major distribution center for marijuana once it is legalized in the Bahamas. Gorman as you may remember also mentioned that the plant is owned and run collectively the wealthy and privileged families in the bahamas, however, it remains currently under wraps until the law for weed comes into full effect. It would seem that Mr. Bannister ruffled some feathers when he also shined light on the many "contracts of interest" that were

ACTIVIST ATTACKED BY BOMBER

being awarded to Brent Symonette during his time in parliament as of recent.

We have been informed that with all of these exposures an effort to try and silence Gorman, resulted in "The big boys" hire of a lone bomber to blow his vehicle up and afterwards drove off in a cube.

Fortunately for Gorman he awoke in time and was able to get the vehicle rolled out of his driveway, onto

GORMAN BANNISTER

the streets and into the bushes across the street before it caused damage to his home. Bannister also stated that this act is nothing new, rather it is an

act synonymous of old politicians from a particular "party" used back in the day. While no one ever went to jail for these acts any opposer to the agenda would

find their possessions either lite in flames or burnt to the ground just so "they" can have their way unhindered.

MARCH ON BAHAMALAND

On Wednesday July 10th 2019 our beloved Bahamaland will celebrate it's 46th Independence Timothy Gibson not only penned words to our national anthem but somehow or another spoke to and predicted the state of our nation and her people.

The national anthem spoke of hope, planning and execution of development of our people in its truest sense that would take us from where we were

to a place where those entrusted with the responsibility to lead possessed hearts and souls committed to see our people advance and rise.

Although we have obtained our sovereignty from those who once lord over us and have attained international success and recognition in areas of sports and culture there still remains so much more to be accomplished in our nation.

While yet independent we remain yet bound

by those who once lorded over us adhering to their laws, decisions and systems that even today dictates and control a judiciary systems that continues to put unjust penalties on our people that they themselves are unable to bear. Certainly 46 years of Majority Ruling should have postured us to be in a position where men in white wigs many gallons away are not impressed upon to make a ruling for us "March on Bahamaland"

46 years later and still we have yet to see the eradication of outside toilets or the elimination of an unjust banking system that replaces the yoke removed by the abolition of slavery back upon the necks and hands of our own. "March on Bahamaland"

46 years later and rather than the wealth of our land becoming common amongst it people, hard times, poverty, despair and desperation has become second nature to our citizens and no crime is not down when inflation and VAT has been imposed upon our people with no increase in pay and often times employees must resolve to drastic measures of go slow, sick out and strikes as a reminder to their employers that they should live. "March on Bahamaland"

Our Parliament reek with greed, jesting, dishonesty, manipulation, conflict of interests, lovers of the pomp and pageantry of being an elected Statesman with little or no regard for the ones whose vote

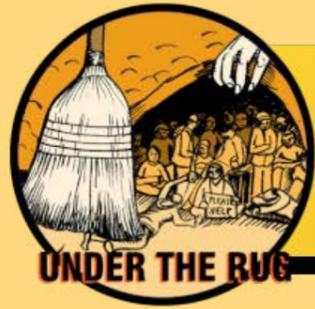

carried them there. Five years is not as long as ye suppose and while the Opposition may think the have bli make no mistake you were no better while you reigned and you to with many on the opposite should you return to "Run Again" should be packed on a oneway ticket away from the doors of Parliament.

You rush to the debates seeking to gain brownie points while you lacked true commitment to the call to serve...SERVANTS ARE YE or haven't you be told. You lack of unpreparedness have not impressed us and attempts to cover or justify it was nothing short of an insult and a slap in our faces. You must do better or we will send you all home. "March on Bahamaland"

46 years later and we are smarter and wiser as a nation we long to see parades of another Bahamian not hurled before the courts rather ones empowered by their Government to succeed. We wish to see the wealth, contracts and opportunities afforded to more of our "common" Bahamians and not just the chosen 12. Til the road you trot leads unto your goals march on Bahamaland.

THURSDAY 9AM - 8PM FRIDAY 9AM - 9PM SATURDAY 9AM 'til ALL GONE

SANDY SCHAEFER

THE REAL ROBIN HOOD

CONSTANTLY GETS RUN OUT OF OUR COUNTRY?

WHY?

BN Agent, X

What do you know about the closing of Robin Hood in The Bahamas? What do you know about Sandy Schaefer and why he has to close up shop anytime the white knights people are in power?

You may not know anything about this at all but here are the facts, the real life Robin Hood who actually looked out for the poor by providing reasonable prices for all classes of Bahamaians, has once again been pushed away from our country because of his disruption in sales of the price gouging super market owners.

This victimization of Robin Hood and Schaefer basically

started years ago when he first opened shop.. due to his price listing on items Schaefer was really becoming the major competition with Rupert Roberts and Super Value. Now, it's no secret to us but, we all know Rupert Roberts as the Tycoon of Tycoons in the food industry here in the Bahamas, need we say more? No.

Mr. Schaefer didn't own the buildings for his companies of operations for Robin Hood or Everything Must Go, but he did own the goods, products and services he provided for the good Bahamian people. We understand that Mr. Roberts has power, but

to what extent we are still not fully clear on. If a man is able to have a complete hold on a market industry and cause his competition to close up shop and his competitor to ran out of town then we simply say BPL must get some of that power so they can keep all of our lights on.

We can't fully tell you that Mr. Roberts pulled the plug on Mr. Schaefer but we do know he played a vital role in the reason a particular set of politicians targeted

the Schaefer's business, so Rupert Roberts is NOT the real bad guy in this picture but he did cause the spark to start over the heads of some old logheads and you all know what happens when fire touches old wood... BUFF! FLAMES! So as it stands Mr. Schaefer has closed up shop since June 2017, directly one month after the results of the last election in our country. Mr. Schaefer we speak for the entire Bahamas when we say the return of the true Robin Hood in the flesh is needed.

BONGIE OF THE DAY IS AWARDED TO TONY MONTANA THE MONEY MAN!

FLASHING OVER \$50,000 ON SOCIAL MEDIA

BN Agent, V
An elder man comes on social media, flashing \$50,000 dollars in both US and Bahamian dollars claiming that he is Tony Montana.

"Sosa" in a fictional movie back in the 90's. As a senior in the notorious dark world why would real life Tony post a video of himself posing with \$50,000 while he is already known for being someone of high interest and known for having money from back in the day. We don't know why he did this, but we say it was not wise in today's world with all

of these new breathe gangsters popping up out of gangsterism university every other day here in Nassau streets.

ONE MALE WAS SHOT IN HEAD AT POINT BLANK RANGE

BN Agent V
A young man was shot in the head early Sunday morning in Freeport at Club Liquid in Grand Bahama. It was reported that Tony AKA Montana was at the nightclub when a lone gunman approached him at point blank range and shot him directly in his

head. Luckily due to the persons surrounding Tony they tried to keep him stable by performing CPR and covering his wound.

Tony was then transported to the rand where he is now in stable condition, recovering from his wounds.

BILLIONAIRE DIES IN HELICOPTER CRASH WHILE RUSHING TO TAKE HIS DAUGHTER TO THE HOSPITAL

BN Agent, V
Coal billionaire tycoon Chris Cline was rushing his 22-year-old daughter to a Florida hospital for a medical emergency when their helicopter plunged into our seas, according to a report. Kameron Cline, 22, began experiencing the unspecified medical issue while on her dad's private island near Grand Cay, a friend of

the family's, Lauree Simmons, said on Friday. Relatives called authorities when the chopper failed to reach Fort Lauderdale, Delvin Major, chief of the Bahamian Air Accident Investigation Department, told the Palm Beach Post on Friday. "A major Republican donor worth \$1.8 billion, according to

Forbes, Cline was on board the chopper with Kameron and several of her friends when it dropped into the Atlantic Ocean minutes after taking off around 2 a.m." Cline, who started working in the West

Virginia mines at the age of 15 before building his own empire, died a day before his 61st birthday. The wreckage was discovered on the ocean floor about two miles off the coast of Cline's private island.

When the first diver went down the morning after the crash to retrieve there bodies he said it was a scary moment to him. All of the passengers were still strapped in there seat belts and majority of them stunned but no one looked as if they were trying to escape. Which indicates the instant impact had shock them all causing them to all be knocked unconscious instantly. The cause of the crash is under investigation. Meteorologists have said weather was not a factor.

The 14 year old missing girl gets found after a photo surfaces of her and her boo thing on facebook! apparently she even lied to him and told him she was 18 years old.

The accused lover that she was sneaking with while being missing for months, "JustRide JahFin" came online over the weekend and aired out the truth about the

missing 14 year old Anniase Francois. He claimed he never knew her, and had only met her online on facebook and he has the screen shots to prove it.

Apparently she did tell him she was 18 and about to turn 19, she even claim she would of top up his phone with data. As time went by they eventually got to meet face to face and he claims this is when they took a photo together

on the first night they met at which time even then he still wasn't aware that she was missing or underage. Well mister lover who was spending most of his time at home base because of his ankle monitor for older crimes he did, claims nothing ever happened between him and the missing teen. We'll hey what more can we say? You be the judge. Fyi she has been found and now back home.
