“The Corruption in BPL is systemic and a culture. It goes back to early 70’s. The generators are constantly breaking down because they are over 60 years old and the corruption surrounding why no upgrades to change the assets has never been done because of Deep corruption in the former PLP and FNM administration.

BN Agent, V

BN Agents was able to gain information from heads of BPL on why is it that we are still using decades old electricity systems in our country. Well apprently its because both parties have there hand deep in the cookie jar and not any regular member of the parties, top old MP’s, which means with this new system being installed it can possibly disrupt some persons pockets, but knowing these old timers, they have more than one way to skin this electricity CAT.

Woman dies after shark attack, BN agents had been informed yesterday afternoon, that a female visitor died after she was attacked by sharks near Rose Island.

Police who were on the island told BN agents that according to early stage information so far, the woman was snorkeling when she was attacked. She was pronounced dead after she was transported to shore.

YINNA ASK JIMMY MOSKO ABOUT “NOLLE”?

THE BELOW STORY HAS NOTHING TO DO WITH JIMMY MOSKO, BUT WE HAVE BEEN TOLD THAT HE SURELY KNOWS ALOT ABOUT THE “NOLLE” LAW.

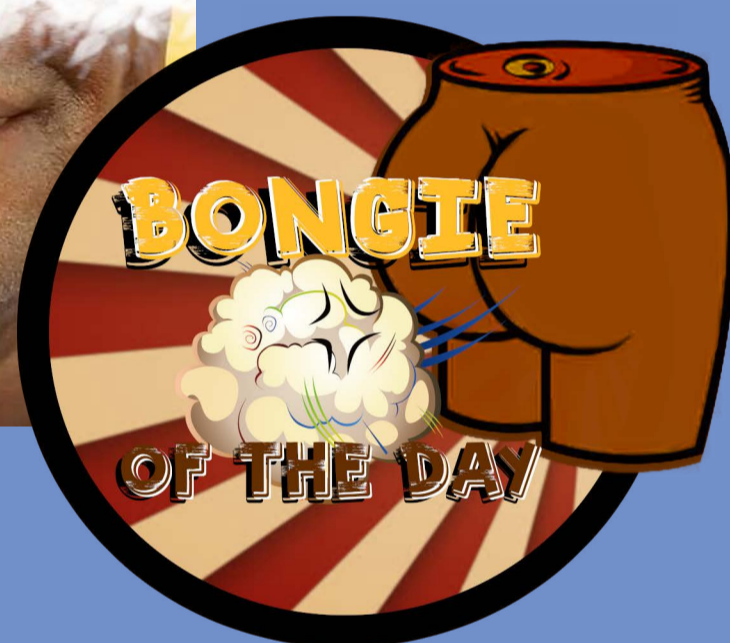

How does a Millionaire beat a murder case without ever having to step one foot in a jail cell? Talk about having power. Wonder who was this?

BN Agent, V

Agents of BN were informed on some crimes that happened in the 80's, apparently a millionaire got into a altercation with a man, because he suspected him of stealing from his household. The millionaire then goes into his home gets a gun, drives around looking for the individual. Shots the man dead, grabs his dead body brings it back on to his household property. Calls the police and later on days after flies to Europe to escape the madness on the island. Waits two days after FNM gets in power in 1992, flies back to The Bahamas, shows up to court and gets a new law placed in the Bahamas called “NOLLE” which in not so much words basically allows evidence to become null and void. Also allows you to not have to see the foot of a jail cell. Talk about corruption. But anyways, who ever is the Millionaire, BN agents have been told the millionaire now has companies that recieve millions of dollars in projects to this day from private companies and government entities. Talk about the good life.

**BERNARD
IS KNOWN FOR BEING A
EX BAHAMIAN POLICE
OFFICER.**

BN Agent, V

After sending this voicenote to other police officers and also claiming other officers also did this same deed as well, it went viral on whats app. Bernard then basically incriminated himself and created a red flag towards the entire police force and is now about to be under investigation by RBPF also the other officers that were involved. This voice note claims he and other officers apprently beat up persons that were arrested and also went into competition with each other to see who can arrest the most person per day. Marvin Dames Minister of National Security claims its impossible for the police to be speaking on behalf of the entire force because Bernard only stayed a police for 5 years before changing jobs. Marvin claims Bernard is in no form a representative of what the police force stands for and he wasnt even a investigator.

MAN GETS BEAT TO DEATH AND
IT DOESNT EVEN GET REPORTED.

BN Agent X

On Saturday, Jareth Cartwright was lured to a location by a female known to him. He was beaten and stabbed multiple times by a group of persons and later died in hospital.

His death occurred but was never reported by police, nor was the press notified of the incident. Well, this latest incident marks the 46th homicide for the year and the 3rd murder within 30-hours over the weekend in New Providence.

Anyway, crime is down.The police plan to say nothing, including the whereabouts of Marvin Pratt.

KIM KARDASIAN RELEASES SHAPEWEAR LINE; FANS ACCUSE HER OF COPYING RIHANNA

Kim Kardashian recently revealed her new shapewear line ‘Kimono Solutionwear,’ but Twitter thinks she’s trying to copy Rihanna’s ‘FENTY’ blueprint.

“Finally I can share with you guys this project that I have been developing for the last year,” she announced to her fans on Tuesday. “I’ve been passionate about this for 15 years. Kimono is my take on shapewear and solutions for women that actually work.

“I would always cut up my shapewear to make my own styles, and there have also been so many times I couldn’t find a shapewear color that blended with my skin tone so we needed a solution for all of this.”

Kim already has ‘KKW Beauty’ under her belt, which is not as successful as Rihanna’s ‘FENTY Beauty’ or even as successful as her younger sister Kylie Jenner’s beauty brand - but her desire to now move into the underwear space has some fans reeling.

It has also been revealed that Kim has filed a trademark for the word ‘Kimono.’ A kimono by definition is “a long robe with wide sleeves traditionally worn with a broad sash as an outer garment by the Japanese,” according to the dictionary.
